WHAT'S NEW

• **NEW: Sustainability Spotlight**

A new boxed feature, "Sustainability Spotlight," has been added at the end of Chapters 4-11. This feature introduces students to environmental, social and governance (ESG) concepts relevant to the chapter content or highlights real companies' achievements in addressing and reporting on ESG considerations.

• **NEW: Running Case**

A "Running Case: JR World Tours," is highlighted at the end of each chapter. The case follows a fictional tour company from business set-up through posting monthly transactions to assessing the business's success.

Key Accounting Principles Volume 2, V7.0 is designed to support and engage students through a solid foundation of online learning materials and practical applications:

- **Student-Friendly Design:** A clean, easy-to-read layout enhances readability and helps keep students engaged with the material.
- **Data Analytics in Action:** Each chapter includes a "Data Analytics in Action" feature box, showing real-world applications of data in business operations and strategic planning.
- **Interactive Online Modules:** AME Engage™ offers data analytics modules with downloadable Microsoft Excel data sets, allowing students to explore data-driven decision-making.
